Items of concern addressed were:

- 2. Concern if new residents move into Assisted Living and elevators are not working properly.
- 3. Concerned about moving walls during renovation.
- 4. Tenant involvement in choice of colors and carpet patterns.
- 5. Voice in decisions effecting their homes.
- 6. Concern of maintenance relocation.

#### **Housing Authority Response**:

1. Bids for elevator repair were accepted. The Housing Authority shall integrate the work on the elevators along with work of the assisted living project.

SCHUYLER PHA Plan - Attachments E,F,G, H Page 3

- 2. The Housing Authority will make sure that elevators are in good condition before moving in assisted living residents. Elevator repair work is performed for all residents, not only the assisted living.
- 3. Renovation on the first floor will require moving some walls. Construction will be performed by a qualified company and supervised by the architect.
- 4. During the public hearing for the agency plan (1/9/02), residents were invited to participate in the design and were guaranteed that design issues are brought to their monthly meetings for discussion and obtaining their input.
- 5. This will be handled as above (#4) residents were encouraged to become more involved in the project.
- 6. To ensure most efficient and cost effective use of the building for the use of all residents, the maintenance shop was moved to create more space for Board and Consultation room. Maintenance does not have to be located at the front of the building. Changes will not interfere with the work.
